The Truth About Property Taxes: Where Your Money Actually Goes

Moderator: Becky Seda - CSHP, Seda Real Estate Group

Guest Experts: Larry Stein, Oklahoma County Tax Assessor &
Doug Warr, Cleveland County Tax Assessor

TODAY'S TRUTHS:

- Your assessed value & your market value are not always the same
- The county does NOT set your tax rate
- Most of your property tax dollars go to schools and community services
- You may qualify for protections or exemptions you haven't applied for

5 QUESTIONS EVERY HOMEOWNER SHOULD ASK

1. Do I understand the difference between my home's market value & assessed value?
2. Have I filed for my Homestead Exemption?
3. Do I qualify for the Senior Valuation Freeze?
4. Do I know how to review or appeal my property value if needed?
5. Am I paying attention to local votes that impact my taxes?

REMEMBER:

You may not be able to eliminate property taxes—but you can understand them, plan for them, and make confident decisions because of it.
